A college trained woman who was up in higher mathematics, logic, political economy, languages and history, not finding when she faced the old world either a husband or a place, took up the queer notion of raising hogs and has met with a remarkable success in a financial way as a breeder of choice stock. Young ladies just out of college and on the lookout for a man or a job may get a suggestion in the foregoing.

Carrie Nation, for swinging her little hatchet in a Wichita, Kan., saloon and smashing its large plate glass windows as well as bottles and spilling its liquors, has again come to grief, being fined $150 and sent to jail for six months. Her partners in the raid, Mrs. M. Henry and Mrs. Wilhort, were each fined the same amount but not sent to prison.

Shot May Be Fatal.

Tifton, Ga., Dec. 31.—Addie, the 12-year-old son of General Herman, at Norman park, was shot and perhaps fatally wounded by a lad named Gibson one night during the holidays. A negro had purchased a pistol from a merchant of that place, and a lot of boys were looking at the weapon in a drug store. It was in the hands of Gibson when, by some means, the weapon was discharged, the ball entering young Norman's breast, just above the heart, passing almost through his body. His condition is precarious. Young Gibson was arrested, but the general opinion is that the shooting was accidental.

TAXATION WITHOUT REPRESENTATION.

The paternal form of government in our new possessions in Samoa does not suit the natives there. They held a convention of the chief citizens from all the islands at Tutulla and asked some very pertinent questions of the commandant. Especially why he should make the laws without consulting them and why they should not have a voice in expending the taxes collected. Taxation without representation is protested against by even the untutored savage, it seems. In the island of Manan the cable informs us the condition was better; the natives are building school houses and making roads without any desire for compensation. Those natives are on the high road to civilization and their children will live to see the day of either being citizens of their own republic or represented in the Congress of this one.

It is said that the American is a discontented man on general principles, always ready and often wanting to sell his home or his farm, or his business and seek some new place. Rarely does a business descend from father to son, much less a grandson. Visit the place where one's boyhood was spent thirty years later, and there is left but little trace of old playmates, friends and neighbors. In a way this restless spirit has been a great developing agency for the country, and now that even the most remote and heretofore unknown sections of the country have been explored, settled and tested, we look for a greater degree of stability in the people.

Congressman Cromer of Indiana will make an effort at this session of Congress to increase the pay of the rural letter carriers. He says: "My view is that the rural carriers should receive a salary of $850 a year. I think they should be allowed also a vacation of fifteen days a year on pay and that the method of selecting their substitutes should be changed so as to be identical with the method of choosing substitutes for city carriers. Now each rural carrier selects his own substitute and as there is very little work for a substitute under such circumstances it is hard to get men to act in that capacity."

The Japanese advance in advertising as in all else. Here is an illustration: "Our wrapping paper is as strong as the hide of an elephant. Goods forwarded with the speed of a cannon ball. Our silks and satins are as soft as the cheeks of a pretty woman, as beautiful as a rainbow. Our parcels are packed with as much care as a young married woman takes of her husband."

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O.

MUTILATED

COUNTY CONDENSED

Among the visitors to this city are Hon. and Mrs. L. W. Rivers of Lake City, who are spending a few days with their son, Col. J. M. Rivers. They are well pleased with Gainesville, which they declare to be one of the prettiest little cities they have ever visited. The Sun acknowledges an agreeable call from Mr. Rivers.

F. S. Osteen and children, Harry and Frank, were in the city yesterday from Micanopy. He was accompanied by his brother, B. H. Osteen of Levyville, and his mother, Mrs. Mildred Osteen and little brother, Grover, of Douglass, Ga., who have been visiting Micanopy. They were en route to Levyville, where they will be the guests of Mrs. J. O. Vining for a few days.

George C. Warner of Jacksonville, the clever and successful traveling salesman for the Miami Cycle Company, manufacturers of the Racycle, was at the Brown House yesterday. Mr. Warner is an erstwhile printer, having been for several years connected with The Leesburg Commercial, and also with Pratt Bros., Palatka. He has many friends throughout the State who are always glad to welcome him.

After a visit of several weeks to this city, during which they have been guests at the Fulks House, Mr. and Mrs. Tross departed yesterday for their home in New York. They desired to remain longer and would have done so had it not been for the pressing business engagements of Mr. Tross in the North. They made many friends while here who regretted their departure, but trust to be favored with another visit next season.

District Deputy Grand Chancellor W. E. Dow of the Knights of Pythias has received an invitation to be present at a district meeting of that order, which will be held in Lake City on the 17th inst. Mr. Dow received the invitation from D. D. G. C. Fred Young, who is in command of District No. 4, and who is one of the cleverest and most widely known, as well as best posted Knights, in the State. Mr. Young is quite popular among members of the order wherever he is known.

Dr. G. Goldstein, the oculist who has been at the Brown House for the past few days on his second visit, and who had arranged to close his engagement here yesterday, is so well pleased with the city that he has decided to remain for a few days longer—possibly until next Saturday. The Doctor, who is one of the finest specialists in the country, has enjoyed a fine business here, and will no doubt continue to do until his departure. He declares that he would remain here indefinitely were it not for future professional engagements, as he is very deeply infatuated with the city and its people.

Singer Sewing Machines Reduced—It will be an agreeable surprise to users of the Singer sewing machine to learn that these elegant machines in future may be secured at greatly reduced prices. The machine which has sold formerly for $60 has been reduced to $48, and all others in proportion. The object in this reduction, which has been entirely voluntary on the part of the manufacturers, is to give the public the privilege of buying a strictly high-grade machine at about the same price they would pay for an inferior make. Manager W. H. Lipscombe will be pleased to show machines and give any further particulars.

Meeting Will Not Be Held.

Owing to the extra amount of work which has been assigned to the various ministers of the city, the regular monthly meeting of the Ministerial Association will not be held this month, but will convene on the first Tuesday in February, at 3 o'clock p. m., in the rectory of Holy Trinity Church.

No Land at North Pole.

Philadelphia, Dec. 31.—Professor J. W. Charles Whiting, a lad residing in Northeast Gainesville, while out hunting Friday afternoon, was the victim of a very painful, though not serious accident, and from the effects of which he will likely be confined to his home for several days.

Young Whiting was hunting, when the gun was accidentally discharged, the contents taking effect in his right foot. Dr. Sibley was summoned and rendered professional aid, the shots being extracted and the wounded member properly bandaged. The lad's friends sympathize with him in the accident, but feel grateful that it was not of a more serious nature.

Will Observe New Year.

New year coming on the Sabbath, the various public offices and others expect to observe tomorrow as a national holiday. The United States land office will be closed during the day, and the postoffice will observe the regular holiday hours, the general delivery window being open from 1:30 to 2:30 p. m. Both banks will be closed, and many business houses propose to give their employes a half holiday.

NEWS TERSELY TOLD.

Fire Thursday destroyed four blocks of business houses and residences in the town of Hartford, Ark., entailing a loss estimated at $150,000.

R. L. Cole, the young man who attempted suicide in Montgomery, Wednesday, is the son of Postmaster W. C. Cole, of Lawrenceville, Ga.

The remains of J. B. Harrison, the well known Georgian who committed suicide at Barnesville, Ga., Wednesday have been carried to Columbus, his old home, for interment.

J. C. Bethany, proprietor of a resturant at Zwolle, La., was shot and fatally wounded Thursday afternoon by Peter Bencina, an Austrian, who then turned the gun upon himself and commited suicide.

Earl Ray, aged 12, died at Fitzgerald Thursday from a gunshot wound at the hands of Wesley Ivey, of the same age. The boys were out hunting when the gun was accidentally discharged, the ball entering Ray's side.

Tom Smith, of Adairsville, Ga., accidentally shot himself in the right foot Thursday night with a charge of No. 6 shot. A number of the bones of his foot had to be removed. The wound is a serious one.

Mr. Taft, secretary of war, has ordered that the new post established near Cloud Springs, Ga., adjacent to Chickamauga Park, be named Fort Oglethorpe, founder and first governor of Georgia.

In a wrestling match between Chas. Leonhardt, of Newark, N. J., and M. J. Dwyer, wrestling and boxing instructor of the Atlanta Athletic Club at the Grand opera house, Atlanta, Ga., on Thursday night, Dwyer was declared winner in 48½ minutes. Robert Walthour acted as timekeeper.

The interstate commerce commission by stipulation of counsel has postponed indefinitely the hearing of arguments in the case of W. R. Hearst, of New York, against the anthracite coal carrying railroads. The arguments had been scheduled to take place in Washington Jan. 5.

Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former soldiers." 25c, 50c and $1. Sold by W. M. Johnson.

Street Car Conductor Uses Gun.

Birmingham, Ala., Dec. 31.—W. C. Haynes, a citizen of Avondale, a suburb, was shot in the abdomen last night by T. B. Mullen, an East Lake car conductor. It seems that the row started because the conductor had carried the wounded man beyond his station. It is alleged that Haynes was drinking. Mullen has been arrested.

Democrats Win in Delaware.

Wilmington, Del., Dec. 30.—Much to the surprise of every one in this section, the supecial election in St. George's Hundred for a member of the general assembly to settle the tie vote in the general election between Frank J. Pennington, the Democratic, and Jacob H. Emerson, the Republican candidate, resulted in the selection of Pennington by a majority of 63. There was considerable interest in the fight, but no money was used, as the Republicans did not need the member for legislation or to elect a senator.

Wreck on A. K. & N.

Knoxville, Tenn., Dec. 31.—A wreck occurred on the Atlanta, Knoxville and Northern railroad near Oswaldine, 40 miles south of Knoxville, this morning at 4 o'clock. Eight cars heavily loaded with slag were derailed and almost completely demolished. The locomotive was slightly damaged. None of the train crew was injured. The wreck was cleared by 9:30 o'clock.

A Pineapple Plantation.

The first operation in starting a pineapple plantation is to cut off the hammock growth and clear the area, though the stumps of the larger trees are left standing. The "slips," which are simply growths from the old plants, are usually put in with a pointed stick at the rate of 12,000 to the acre. The first crop matures in about eighteen months, and when three crops are secured, in as many years, the fields are abandoned for this culture, the surface again cleared and planted in tomatoes.

Facts Abont Breathing.

In the ordinary respiration of man 16 or 17 cubic inches of atmospheric air pass into the lungs 20 times a minute, or a cubic foot every 5¼ minutes—274 cubic feet in 24 hours. The lungs hold 280 cubic feet. At each respiration 1.375 of oxygen is converted into carbonic acid gas. The nitrogen inspired and expired is exactly equal. During the act of inspiration the lungs have been found to be the coldest parts of the body.

PLEASANT OCCASION.

Mr. and Mrs. W. E. Brown Entertained Friends on Christmas Day.

A social Christmas entertainment was given at the residence of Mr. and Mrs. W. E. Brown on West Liberty street, in the suburbs of Gainesville, on Monday, the 26th inst. The guests began to arrive early in the day and each in turn were pleasantly received with the usual greeting of a "Merry Christmas" from the very estimable host and hostess, after which they were ushered into the dining room, where a large table fairly groaning with good things awaited them, and after the accustomed ceremony the fowls flew away and other Christmas "goodies" fairly vanished from sight as each guest tried to do their duty to relieve the table of its burden.

The inner man being satisfied and usual jokes and toasts indulged in, the jolly crowd repaired to the parlor, where a beautiful holly tree stood elegantly decorated and bearing many useful and valuable presents for the grown people; wagons, horses, tops, balls and whistles for the boys; dolls, baby beds and other pretty things for the girls.

The tree was beautifully illuminated with candles of red, white and blue, and as each one gazed upon it our hearts leaped with ecstacy and in concert exclaimed, "Isn't it beautiful?" The picture of the tree was taken by flashlight by J. D. Russell, after which it was carefully picked of its costly plumage, and each one made happy as their names were called and Santa Claus had so bountifully remembered them.

The afternoon passed with music, games and social conversation, when the guests took their departure for their respective homes, wishing Mr. and Mrs. Brown many more happy Christmas days.

Those present from a distance were W. R. Sharman and two daughters of Hawthorn, Mrs. W. A. Paulsen and daughter, Laurel, of Orange Heights, Clyde Sharman of Hawthorn, Mrs. J. H. Patterson of Orange Heights. Those from Gainesville, Mrs. J. D. Russell and daughters, Fruda and Barbara, Mr. and Mrs. R. A. Becker and two sons, Mrs. W. S. Dorsey and daughters, Mrs. A. Cone, Mrs. Pound and daughter, Mae; Messrs. H. C. Brown and Reed Mortan; and now lastly but not leastly comes the bride and groom, Mr. and Mrs. J. C. Brown. The bride's eyes were sparkling with happiness, and the bright and contented expression of the groom's face indicated that he fully realized that Santa had been good to him. May these expressions never grow old, and that roses instead of thorns may always grow in their pathway, is the wish of the writer.

LAND OFFICE BUSY.

Chief Clerk Lynch and Assistants Preparing Annual Reports.

Chief Clerk Louis C. Lynch and other members of the clerical force of the United States land office have been very busy for the past three or four days making up their reports. This being the end of the year, the reports cover not only the month of December, but the last quarter and the year as well, and naturally requires a great deal of extra work. As a result the force is kept busy both day and night, being compelled to work overtime in order to complete the work. They have the consolation, however, of the fact that tomorrow will be a holiday, during which they will be permitted to rest.

The reports were completed at a late hour last night, and will be forwarded to the general land office at Washington today. The reports will also appear in The Sun Tuesday morning, and will go to show the increase of business at the land office over the preceding

Youth Faces Serious Charges.

Spartanburg, S. C., Dec. 31.—In addition to the charge of assault and battery on John Cooper, Robert Clary has another indictment registered against him by the father of the young man who is the alleged victim of Clary. It is stated that when Cooper became unconscious from the wounds administered by Clary the latter took a watch which the former wore in his pocket at the time. The watch was found on Clary after his arrest. He will be given a hearing on both counts as soon as young Cooper has recovered sufficiently to allow him to appear in court.

SPITAL LOT HAS BEEN SELECTED

Wilson Block, Surrounded by Beautiful Oaks, Will be Used

FOR HOSPITAL BUILDINGS

Property Comprises One of the Most Desirable Blocks in the City; Particularly Adapted to the Purposes for Which it Has Been Selected.

An important meeting of the board of trustees of the Gainesville and Alachua County Hospital Association was held Friday afternoon, at which the selection of a building lot was made.

After a careful examination of all the lots available for the purpose, it was decided to purchase the Wilson block, immediately north of the Pitts residence. This property is most admirably situated for the purpose, being surrounded by magnificent oaks, and in a retired, quiet locality. The selection of the committee appointed for this purpose was a wise one, and the committee is to be congratulated.

Among other business was the appointment of a committee to collect subscriptions already made to the hospital, and this committee expects to begin work at once. It is to be hoped that those subscribing will pay promptly, thus saving the committee time and trouble.

What's In a Name.

"Intestinal indigestion" is the new name for a multitude of stomach troubles. It is the recognized cause of heart disease, kidney troubles, constipation, flatulency, inflammation of the bladder, neuralgia, headaches, dizziness, appendicitis and rheumatism. Green's August Flower goes right after intestinal indigestion and quickly clears it out of the intestinal tract, speedily curing any or all of the ailments mentioned. Trial bottle 25c. Big bottle, 75c. At W. M. Johnson's.

IMPORTANT NOTICE.

This Directly Concerns Every Patron of the Electric Light Co.

Having run our electric plant for one year, we find it absolutely necessary to make a change from all flat rate prices to an entire meter system. During the months of January and February we will install an electric meter in all consumers' places of business and residences using electric current, prices to be as follows:

Under 50,000 Watts, 15 cents per 1,000 Watts. Over 50 000 Watts, 12 cents per 1,000 Watts. Minimum price, $1.00 per month.

All electric light customers will please take notice of this important change and be governed accordingly.

Respectfully,

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MISS HAMPTON APPOINTED.

Will be Private Secretary to State Superintendent Holloway.

The numerous friends throughout the State of Miss Clem Hampton will be pleased at the information that she has received the appointment of private secretary in the office of State Superintendent of Public Instruction Wm. M. Holloway.

Miss Hampton has been the efficient assistant to the principal in the Gainesville Graded and High School, but this will necessitate her resignation, as she will assume her duties at Tallahassee at once. While the people of Gainesville, especially the patrons of the school, will regret very much to lose her, they nevertheless congratulate her upon this appointment, and it goes without saying that she will fill the position well.

Miss Hampton is attending the meeting of the Southen Educational Board and State Teachers' Association at Jacksonville, from which city she expects to proceed to Tallahassee.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oaklandon, Ind., writes: "My wife had the consumption, three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One nose relieves. Guaranteed at 50c and $1,00 by all druggists. Trial bottles free.

TH[illegible] WINDSOR.

Rumor[illegible] Winter Visitors [illegible] Notes.

Wind[illegible] weather has set Win[illegible]ple to thinking about orange-[illegible]otection again.

Sever[illegible] our winter guests have arrived. Mr. Byre and wife and Mrs. McFadden arrived Saturday; Mr. and Mrs. VanFossen and son, and Mrs. Harmless, all of Indiana, are spending some time in Windsor.

Rumor has it that Guss Ormand and Miss Sherouse were united in marriage at Windsor on December 18th, Rev. Mr. Branning of Waldo officiating.

Prof. Joe Coffee, in company with Rev. Mr. Branning, visited Windsor Wednesday.

Windsor would be a good location for anyone wishing to engage in pecan growing. W. H. Byles has two young trees that produced over one hundred pounds of fine nuts this year. He also has some young trees that are coming on very nicely.

The young men had quite a lot of fun shooting for chickens last Saturday.

The Methodist Sunday school had a union Christmas tree and exercises at Wesley Chapel on Monday evening. There was a large crowd in attendance and all report having a good time. Mrs. Munsenger deserves credit for the way in which she instructed the little ones.

Maj. Dunn has returned from Tampa, where he has been spending a short time.

Prof. K. H. Montgomery is spending the Christmas holidays with his parents at Winsdor.

Thos. Montgomery of Kissimmee is spending the holidays at home.

E. K. Rosborough, the genial salesman for the Jacksonville Grocery Co., was shaking hands with old friends in Windsor the past week.

The people of Moccasin Bend report the sugar cane crop extra good this year.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The One Thing Lacking.

Emperor William II. wrote a poem once which he submitted to a great literary man who dined at the castle for that purpose particularly. The critic read it and found his dual duties in conflict. He had to advise an amateur poet with an exceptional power for resenting a hostile comment. He yielded only a very little to the exigencies of the situation. "This verse, your majesty," he began, "seems to require alteration in certain respects." The author took the manuscript and conned it thoughtfully; then his brow cleared. "Why," he cried, as one seeing a sudden light, "I have actually not signed the poem! Give me a pen!" And the only fault he saw in the work was forthwith remedied.

Diplomatic Corps Costumes.

An interesting fact not generally known in regard to the diplomatic corps is that a member of that august body cannot, under the penalty of official reprimand and danger of recall, appear at a fancy ball in the national costume. This fact was developed one evening when a large fancy ball was given at one of the private houses on the same evening of a presidential reception to the diplomatic corps. Those of the diplomats who attended the ball later in the evening were obliged to first change the court costumes worn at the White House. Inquiry on the part of curious friends developed the reason just stated.

Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At all druggists, 25c, guaranteed.

It Was All Good.

Mr. Jones was very fond of a kind of boiled pudding his wife made, so, says London Answers, when she had gone away for an afternoon and evening she promised that she would leave one of the favored puddings in the saucepan for his evening meal.

"Well," she said on her return, "and how did the pudding go down?"

"Soo-preme!" said Tom, smacking his lips at the recollection. "'Twas as good a pudding as you have ever made."

"That's good," was the gratified response of Mrs. Jones. "I'm glad you enjoyed it. What did you do with the cloth?"

For a moment Mr. Jones solemnly surveyed her.

"What!" he said. "Did it have a cloth on?"

TRIPPLE CRIME ATTEMPTED.

Kills Mother-In-Law, Attacks His Wife and Shoots Himself.

Thomasville, Ga., Dec. 31—Thursday afternoon at 1:15 o'clock an attempted murder, attempted suicide and a murder took place in this city.

J. B. Barrow, an engineer on the Atlantic Coast Line, while endeavoring to kill his wife, Nina Parrish Barrow, shot five times at her with a Smith & Wesson 32 caliber pistol.

He inflicted only a slight flesh wound in her left hand, but shot and killed his mother-in-law, Mrs. William Parrish. He then went to his room, seized a winchester, and placing the muzzle against his abdomen, shot himself twice. The ring on his watch deflected the course of one bullet and saved his life. The other penetrated his lung, but unless complications set in, he will probably recover. He is at the city hospital, under guard of a special deputy. He claims that the shooting of his mother-in-law was accidental, and he regrets her death. He says he wishes to die.

After Barrow had shot himself he staggered to the telephone, called up the office of the daily paper and told of his deed, telling them to send a reporter to the scene.

The shooting took place in the Parrish home.

The engineer is 36 years of age, his wife 18. Domestic infelicity, jealousy and whisky are believed to be the cause of the crime.

FIERCE GALE IS RAGING.

Mountainous Seas Are Running Along Coast of United Kingdom.

London, Dec. 31.—A fierce gale from the Atlantic swept the United Kingdom today. Mountainous seas are running along the coast.

At Stornoway, outer Hebrides, the Danish steamer Alabama dragged her anchors and stranded on Peninsula point. Her engine room and the stoke hole sections are flooded and she is leaking forward, and has listed to starboard.

A small vessel with a crew of 10 men foundered off Flamborgh Head, on the North sea.

Several minor shipping accidents have also been reported. Much damage has been done inland. Telegraph and telephone lines are down and communications are interrupted with the provinces and some parts of the continent. A number of accidents inland due to flying debris have been reported.

TEXTILE UNIONS MEET.

To Consider Question of Continuing or Ending Cotton Mill Strike.

Fall River, Mass., Dec. 31.—Meetings of the five textile unions this forenoon to consider the question of continuing or ending the cotton mill strike held the undivided attention of the entire city. All classes of citizens were intensely interested. The textile council called all five metings simultanously a two-thirds vote to be considered as the official expression of each union. The decision in such cases is always dependent on the vote of the majority of the five unions.

The total vote of the unions on the question of continuing the strike was 1,401 in favor of, 420 against.

The cotton mill strike will continue.

Admiral Schley in Train Wreck.

Baltimore, Dec. 30—Rear Admiral Schley and several hundred Mystic Shriners had a narrow escape from injury in a wreck on the Pennsylvania railroad just outside of Union Station. The admiral and the Shriners were on their way from Washington to Harrisburg. Just as their train came out of the Pennsylvania avenue tunnel the Eastern Shore train, being switched to a siding, side swiped into it at the signal station. There was a deafening crash of timbers and the two cars of the Peninsula line were thrown over, falling directly on one of the most important switches in the yard.

Noted Feudist Reported Killed.

Cincinnati, Dec. 31.—A special from Bluefield, W. Va., says that Elias Hatfield, noted for his connection with one of the bitterest of the mountain feuds, was killed in a tunnel near here. He was walking through the tunnel when he was overtaken and run down by a train. His body was horribly mangled.

Costly Fire in New Orleans.

New Orleans, Dec. 31.—Fire early today destroyed one million to one million and a half feet of lumber and other property of the Union Lumber company on the old basin. The loss is estimated at $42,000.

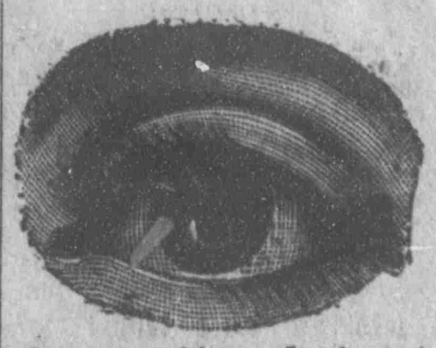
DRS. R. & G. GOLDSTEIN

Have Returned to the City and Will Remain a Few Days.

Office: Room 29, Brown House Parlors.



It is our specialty to fit glasses in such a manner that they relieve the eye strain perfectly; fitting the eye with ease and comfort, thus preserving the eye. In examining the eye only the latest and most improved methods and instruments are used.

Physicians especially are invited to call and investigate our methods of correcting errors of reffaction. Many cases of headache, neuralgia, nervousness, irritability, insomnia, vertigo, nervous prostration and the seeming stupidity of children are often due to defective vision caused by an abnormal curvature of the cornea or crystalline lens or to an irregularity of the refracting media of the eye, and are relieved at once upon the application of the proper glasses. Ninety per cent of the people over 40 years of age need glasses, and 50 per cent of the 90 need them for distance.

Glasses are not always given to improve eyesight, but to relieve undue strains—in short to assist nature. Thousands of eyes are ruined yearly. Seven persons out of ten have neither eyes alike, and one out of twenty Astigmatism; hence the necessity of testing each eye separately. Special attention is given to any inequality that may exist between the refraction of the eye.

Optical science has made rapid advances within the last few years; the correct adoption of spectacles has become a distinct profession. The optician who thoroughly understands his business realizes fully that in adjusting glasses for his customers he is treating with a most delicate and precious organ, where the slightest error may result seriously, while if he does his work well he not only gives comfort and ease to his patrons, but in many instances restores the sight.

Special care should be taken in selecting the first pair of spectacles, nor should it be attempted without the aid of a responsible optician. It is most important that the lenses should be accurately centered and of the best quality and the frames so made that the wearer looks directly through the center. Glasses nicely fitted to the face become an ornament as well as a necessity.

Fitting children with spectacles a specialty.

Parents, do not neglect your childen's eyes.

Difficult cases solicited.

All questions in regard to the eyes cheerfully answered.

Ripley, Tenn., June 1, 1901.

Dr. E. W. Hall, St. Louis Mo.—Dear Sir: Having tried various remedies without satisfactory results, I was persuaded to give your "Texas Wonder" a trial. I have used one bottle, and although my case is one of long standing that baffled the skill of the best physician, yet it yielded at once to "The Texas Wonder," which I heartily recommend to all suffering from kidney and bladder troubles.

Yours truly,
W. H. BROWN,
Pastor Baptist Church, Ripley, Tenn.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. All interested in the reorganization of the Gainesville band are requested to meet in the band room over Endel's store, Tuesday evening, when the matter will be discussed. A band is a great acquisition to any city, and it is to be hoped that a good crowd will be present, and that an organization will be perfected. There are several fine musicians in the city, and there is no reason why they could not get together and organize one of the best bands in the State.

Hon. W. M. Holloway, county superintendent of schools and State Superintendent-elect, returned yesterday from Jacksonville, where he has been in attendance at the meeting of the Southern Educational Board and Florida State Teachers' Association. Prof. Holloway expects to make his departure tomorrow for Tallahassee, where on Tuesday he will be inaugurated into his new and highly responsible office. He states that he dislikes very much to leave Gainesville and his friends here, and shall always remember them kindly. Prof. Holloway will transfer the affairs of his county office to his successor, Dr. J. L. Kelley, before his departure.

My New Year Resolution.

Resolved, That on and after January 2, 1905, all patrons holding bread checks or tickets will be required to use same on purchasing bread or rolls. All bread charged on book will be five cents a loaf straight, and there will positively be no deviation from this resolution. This does not affect merchants, restaurants and hotels. R. T. SCHAFER. 3t

Ladies of Gainesville.

I am introducing in your pretty city the famous Hollem Shoulder Brace and Combination Skirt Supporter, a twentieth century substitute for the corset. It not only gives a lithe and graceful figure, but forces deep breathing, which is so conducive to bright eyes, a clear complexion and a long life. It gives men the training of a military school. It prevents the smothering of the lungs in growing boys and girls. Mrs. E. L. Trigg, City. Agent wanted. d3t.

To the Public. The Diamond Ice Co. having just been incorporated will, on January 1st, 1905, succeed to the old partnership of Stringfellow Bros. & Livingston, taking on the assets and operating the factory for the benefit of the stockholders. All accounts must be settled on or before that time, as an entirely new set of books will be opened, and all patrons of the old company are requested to call at once and settle their accounts. No new accounts will be opened with persons who have failed to settle their old accounts.

Yours truly,
T. B. STRINGFELLOW,
R. I. STRINGFELLOW,
